24 March 1958

MEMORANDUM FOR: Chairman, Ad Hoc Requirements Committee

SUBJECT : OCI Requirements on Indonesia

REFERENCE : TCS-1370-57, dated 1 May 1957

1. The current requirements for photographic coverage in the Indonesian Area from the OCI point of view are indicated below.

2. Target areas are indicated in general terms. Specific interests are indicated by numbers used in the List of Urgent Items which you issued in May 1957 for the Middle East Area - pages 26 to 28 of list.

hand
(a) The priority area of interest is the archipelago west of Sumatra with priority to Mentawai Islands (98° E 1° S to 101° E 4° S) which make up the Southern group within the island chain.

(b) The waters between the island chain and the west coast of Sumatra.

(c) The coastal waters south and west of Sumatra including the Sunda Strait.

4. It is our belief that the results obtained on the first overflight may indicate the need to repeat coverage every 4 to 7 days.

5. This office may, at a later date, initiate requirements for coverage in the northern Celebes.
